Brailee's 2026-27 School Schedule

9th Grade • Monday-Thursday • August 24, 2026 - May 27, 2027

How to use this checklist

• Each page is one week. Each box is one day's work for one subject. Check the box when it's done.

• **Order that works best:** Math first (set a timer for 45-60 minutes, stop when it rings even if the lesson isn't done, pick up tomorrow). Then Writing, then Literature, then Science.

• **Writing** = Essentials in Writing Level 9. Watch the lesson video, read the page, do the activity. Keep your Writer's Notebook.

• **Literature** = Essentials in Literature Level 9. Follows the Alternative Instructional Strategies plan (some activities are trimmed on purpose). Keep your Reader's Notebook. 'The Bet' is skipped; read it over the summer if you want.

• **Math** = Shormann Algebra 1. Solve every problem on paper before entering it. Watch the video solution for every missed problem. Quizzes are on the same day as the lesson listed.

• **Science** = DIVE Integrated Chemistry & Physics. Lesson video Monday, reading + review questions Tuesday, lab Wednesday, finish lab report Thursday.

• **Catch-up days** are built in. If you're caught up, that day is free for that subject. If you're behind, that's the day to catch up - no stress.

• **Days off:** every Friday, Labor Day (Sep 7), Sep 28, Oct 12, Thanksgiving week (Nov 23-27), Dec 14 - Jan 5, MLK Day (Jan 18), Presidents Day (Feb 15), spring break (Mar 15-19), May 3. Last day of school: Thursday, May 27.

Planned finish dates

• Writing (EIW) finished: **April 29, 2027**

• Literature (EIL) finished: **May 19, 2027**

• Math (Shormann Algebra 1) finished: **May 10, 2027**

• Science (DIVE ICP) finished: **May 13, 2027**

Everything finishes before May 27 with room to spare, so a slow week here and there is fine.
